A Secret and a Vote

Dear Mixed Followers,

We are revising our summer schedule now it does not seem we will be playing a lot of live bridge this summer. And we need your help to make the best possible schedule for you as participants.

So we hope you will take 2 minutes (that really is all it takes) to answer these questions in our survey. As always we are happy with feedback, so you can also let us know if you have general comments.

April Mixed Teams - Registration still open

Our next event is April 12-16. We are blessed with such wonderful participants, and we have room for more than the eight teams who already registered. If you register before April 8th, you will receive a virtual kiss from a TD of your choice.

Registration via mmt.bridgeresults.org

Debut: MMT Invitational Teams

As our dedicated followers, we want to reveal to you before anyone else that we are running an Invitational event for 8 top teams from April 20-24. So if you like watching the mastodons Nickell, Levine, Gupta etc. battling each other, watch the battles on BBO and read about the Victims in our daily bulletin. We might make it a recurring event in case the participants are as excited about the event as we are.

You can see results and who plays on our website designed for this event: mit.bridgeresults.org
